Hon. Commissioner of  
Patents and Trademarks  
Washington, D.C. 20231

Sir:

PRELIMINARY AMENDMENT

Please amend the subject file wrapper continuation application as is set forth below prior to examination thereof.

In the Claims

1. (Twice-Amended) An [imaging] image pickup apparatus, comprising:
- (a) image pickup means;
  - (b) first memory means capable of storing an image signal outputted from said image pickup means and condition information representing a condition in which the image signal is picked up by said image pickup means;
  - (c) second memory means capable of storing the image signal outputted from said image pickup means and the condition information, said second memory means being detachably attached to said apparatus; and
